

February 15, 2011

**Dear Cobbler Supporter,**

As a Cobbler supporter and distinguished member of our community, we are writing at this time to update you on the exciting changes occurring at Central High School. We are currently undertaking a **\$32 million dollar expansion project** to include a new entrance, 9<sup>th</sup> grade wing, theatre, additional gym space, wrestling room, indoor track and new 5400 sq foot cardio/weight room which will serve our student body, student-athletes and school community.

We are grateful for the support of our district leadership in providing this opportunity and look forward to witnessing the positive impact this will have on our school.

At this time we are challenged with the task of fundraising to furnish our cardio/weight room, obtain new bleachers and lockers. While we have begun the initial stages of fundraising, our official Campaign Kick-Off is scheduled for May of 2011.

We thank you for your interest in helping make this project a reality through a donation to the Central High School Athletic Fundraiser Fund. We know this project cannot be a reality without the support of our alumni network and the entire Rapid City Community.

We have several options for your consideration including a one-time donation, multi-tier donation which allows you to donate both this year and next and the possibility of sponsoring a matching donor program where you would match dollar for dollar to our community donations up to an amount determined by you and your family. Please review the sponsorship levels on our school website. You can access additional information on our website including expansion plans, photos and pledge forms.

We thank you in advance for your consideration. Please contact either of us at 605-394-4041 or any committee members, should you require additional information or if you have any questions.

Congratulations on your continued success and best wishes,

**Mike Talley, Principal**

**Darren Paulson, Activities Director**
